The ExTI Network and TI Alumni LinkedIn are a couple of the many TI alumni groups that have formed as a way of staying connected. Texas Instruments Alumni group on LinkedIn is dedicated to the continued connection and development of former TI employees at <http://www.linkedin.com>.

Former Tiers can also join the ExTI Network by going to <http://groups.yahoo.com/group/ExTI/> and clicking “Join This Group!” button.

The ExTI Network was created to help former Texas Instruments employees stay connected professionally and socially; to support each other; and to share ideas, talents and resources among ourselves and our communities. We meet on a regular basis to encourage all of the above.
